

Mystic to Everett Line Replacement

Everett and Boston, MA | April 2024

National Grid is jointly working with Eversource on an underground infrastructure project called the Mystic to Everett Line Replacement project. This project goes through the Cities of Everett and Boston. The purpose of the project is to bolster reliability for customers by modernizing sections of underground cables. This project will require roadway work. The most impacted roadway sections of the project area roughly begin at the intersection of Horizon Way and Broadway and continues about 0.5 mile south towards Alford Street in Boston.

What to expect during construction:

- **The construction schedule** is still being finalized but the most impactful roadway work is expected to occur along Encore’s service road (Horizon Way) and Broadway Street (Everett)/Alford Street (Boston).
- **No planned interruption to service** for National Grid customers.
- **Restoration** of disturbed areas.
- **Direct contact with our Outreach Team.** If you have questions or concerns, please call or email our team.

Safety Information:

National Grid staff and contractors are required to carry photo IDs. If someone requests entry and does not have proper ID, don’t let that person in. Call National Grid at 1-800-322-3223 or your local law enforcement.

National Grid does not request payment in person for work being performed. If you are solicited for money related to services, do not provide any information, and call us immediately.

Quick Project Facts:

- What: Quick project scope
- Where: Broadway Street (Everett)/Alford Street (Boston)
- When: Estimated 2025 – 2027
- Hours: To be determined
