

We are upgrading infrastructure to provide better service to your community.

Queens | December 2024

We would like to inform you of upcoming work in your neighborhood.

Project details:

In order to allow for significant upgrades to airport infrastructure, National Grid will be relocating approximately 500' section of our existing utility.

Starting in December, the project will begin excavating test holes to locate all other below ground utilities, more information about test holes are on the backside of this letter. The project anticipates 8 test holes in the vicinity of 130th Place at 155th Avenue.

Please note, there will be no interruption to service for our customers.

What you may expect during construction:

- Excavation of the roadway, installation of new infrastructure, temporary restoration of the roadway, testing of the new infrastructure, and final restoration of the roadway.
- Traffic pattern changes. There will be changes to traffic patterns during work hours, and a flagger will be onsite to assist as necessary. Please be aware of construction traffic signs and cones.
- Please note that after temporary restoration, the road surface may be rough.
- For your safety, please do not enter work zones and be mindful of work zones during and after construction.
- If you have questions or concerns, please call or email our team.

Smell Gas. Act Fast.

We respond to gas emergencies 24 hours a day. If you smell gas, act fast and call **911** or our gas emergency line at **1-800-490-0045**.

Quick project facts:

What: Test hole activities

Where: The vicinity of 130th Place at 155th Avenue

When: December 2024

Hours: On 155th Avenue from 130th Street to 130th Place, Monday to Friday 9 a.m. – 4 p.m.

On 130th Place from Bend to Bergen Road, Monday to Friday 9 a.m. – 4 p.m.
