

We are upgrading infrastructure to provide better service to your community.

Stony Brook University/ Suffolk County | September 2024

We would like to inform you of upcoming work in your neighborhood. Energy plays a critical role in our day-to-day lives and helps ensure the well-being of our community. That's why we're investing in infrastructure upgrades in your area.

Project details:

Next spring, we are planning to replace and upgrade service to Calpine Stony Brook power plant, located at Gymnasium Rd & Circle Rd on Stony Brook University (SBU) campus. This summer, test holes were performed, and the next phase of infrastructure installation will take place in May 2025.

Please note, there will be no interruption to service for our customers.

What you may expect during construction:

- Excavation of the roadway, installation of new infrastructure, temporary restoration of the roadway, testing of the new infrastructure, and final restoration of the roadway.
- Traffic pattern changes may occur, if necessary, a flagger will be onsite to assist. Please be aware of construction traffic signs and cones.
- Street plates. The project site will be secured and plated during non-work hours.
- For your safety, please do not enter work zones and be mindful of work zones during and after construction.
- Direct contact with our Outreach Team. If you have questions or concerns, please call or email our team. You can also visit our project website to see the project map, construction updates, and more.

Quick project facts:

What: Upgrading existing infrastructure at the Calpine Stony Brook Power Plant

Where: Gymnasium Road and Circle Road

When: May 2025

Hours: Work hours will be confirmed as we get closer to project.

Due to the complexities of outdoor construction, schedule subject to change. Please reach out to our project team for more information.

Please note: Every National Grid employee carries a photo ID card, and any contractor doing work for us is also required to carry ID.
