Hemlock Street Upgrade | February 2025

Dear Neighbor,

We are reaching out to update you regarding construction activities on Hemlock Street, Crescent Street and Fulton Street in Brooklyn NY.

In late February, crews will begin conducting **test hole activities**. The purpose of this work is to locate underground utilities as well as any other subsurface structures or anomalies.

During the test hole phase, you can expect **additional traffic** and **parking impacts**. Traffic will have access to Hemlock Street, Crescent Street as well as Fulton Street and flaggers will be present to assist drivers and pedestrians. Once the workday is complete, all test holes will be plated or temporarily restored. Our project team will then take the findings from the test hole phase and begin the design phase of the project.

Please see our **permitted work hours** below:

- Monday - Friday, **9AM to 4PM*** (On Fulton Street between NYCTA Subway & Crescent Street)
- Monday - Friday, **9AM to 3PM*** (On Fulton Street between Crescent Street & Autumn Avenue)
- Saturday, **8AM to 4PM*** (On Fulton Street between Crescent Street & Autumn Avenue)
