

We are upgrading infrastructure to provide better service to your community.

South Commack Upgrade Project | January 2025

We would like to inform you of upcoming work in your neighborhood. Energy plays a critical role in our day-to-day lives and helps ensure the well-being of our community. That's why we're investing in infrastructure upgrades in your area.

Project details:

Beginning on February 18, we are making significant upgrades to our New Highway facility in Commack. This first phase of construction will be completed in Spring 2025, with two more to follow in Spring 2026 and Spring 2027.

Please note, there will be no interruption to service for our customers.

What you may expect during construction:

- All work will be done within the National Grid facility.
- **Extended work hours may be necessary to complete excavations.** Hours and schedule are subject to change.
- Construction activities will utilize excavators, vacuum trucks, and other heavy equipment.
- For your safety, please do not enter work zones. Be mindful of work zones during and after construction.
- If you have questions or concerns, please call or email our team. You can also visit our project website for the project map, construction updates, and more.
