# We are upgrading infrastructure to provide better service to your community.

Stewart Avenue — Long Island

We regularly inspect and upgrade our systems to ensure our customers receive the best possible service to their homes and businesses every day. As part of that work, starting in July 2024, we will be upgrading our existing infrastructure in Stewart Avenue between South Street and Merrick Avenue. The project will increase reliability, enhance safety, operational flexibility, and improve service throughout Long Island. We anticipate completing this work, including restoration, by Spring 2025.

*Please see the reverse side for details.*

## Project Timeline:

Start: Summer 2024 | Completion: Spring 2026\*

## What you may expect during construction:

- To mitigate traffic concerns, work will be performed at night.
- Traffic pattern changes during work hours.
- A traffic flagger will be onsite to assist as necessary.
- Please do not enter the work zone during and after construction hours.

**Please note, there will be no interruption of gas service for our customers.**

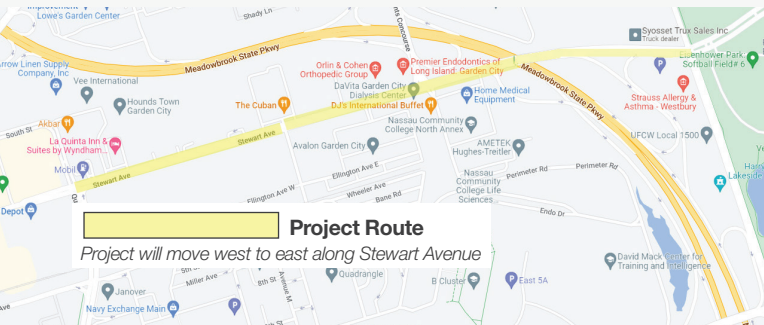

For updates on construction schedule and information regarding work timelines, please see our project website [www.ngrid.com/sau](http://www.ngrid.com/sau) or scan the QR code to learn more.

To speak with a member of our outreach team directly, email: [box.longisland@nationalgrid.com](mailto:box.longisland@nationalgrid.com) or call **516-247-6443**.

**Please note:** Every National Grid employee carries a photo ID card, and any contractor doing work for us is also required to carry ID.

*\*Due to the complexities of outdoor construction, schedule is subject to change. Please reach out to our project team for more information.*
