

Non-Fossil Alternatives Acknowledgment

We're committed to helping you meet your energy needs. In doing so, we want to ensure that you are aware of the non-fossil energy alternatives and incentives available to you.

Non-Fossil Alternatives

There are a variety of non-fossil alternatives (e.g., electrification) for you to consider when determining how best to meet your energy needs. Such non-fossil alternatives include:

- Heat pumps: Options include air-source and ground-source (i.e., geothermal).
- Electric Water Heating
- Electric cooking (e.g., stoves, ovens, and other cooktops)

Additional information can be found on National Grid's Heat Pump FAQ document.

Clean Energy Rebates

At National Grid, we are proud to promote electrification and achieve energy goals by partnering with NYSEERDA and utilities across New York State who offer heat pump technology incentives. For more information, please check out their offerings, here:

- ConEdison:
<https://www.coned.com/en/our-energy-future/electric-heating-and-cooling-equipment>
- PSEG:
<https://www.psegliny.com/en/saveenergyandmoney>
- NYS Clean Heat Program:
<https://cleanheat.ny.gov/>

Heat Pump Tax Credits and Incentives

In addition to these savings on heat pump technology, you may also qualify for:

- Federal tax credits:
<https://www.energystar.gov/about/federal-tax-credits>
- New York State income-based incentives:
<https://www.nyserda.ny.gov/All-Programs/EmPower-New-York-Program>

If, after reviewing these options, you would still like to connect to the Company's natural gas system, please have the account holder/property owner sign and return this acknowledgment form. Once the Company receives the completed form, we can proceed with the gas service agreement process. To explore all of National Grid's available energy saving programs, visit ngrid.com/save.

I have read the above information regarding non-fossil energy alternatives that are available to me and I would like to proceed with installing natural gas service or adding new gas equipment.
